When a student is suspected of using alcohol and/or drugs, an initial assessment will be done at the site by staff that detained the student so as to determine if Navajo Police is to be called or if the student is to be taken to the academic or residential offices. At the time of initial contact with the identified student, the staff must start documentation of the intervention.
- B. Trained Greyhills Academy High School staff or medical personnel must complete the Greyhills Academy health screening form before the student is transported to Tuba City Regional Health Care (Monday-Friday 8-5pm) or to the hospital emergency rooms (after normal hours of operation). The hospital utilized by Greyhills Academy High School is Tuba City Regional Health Care Corporation (928-283-2501).
